Florist Stocks

Double Giants of California

This new group should be given the attention and consideration of the florist who wishes to grow quality Stocks. They are of about the same habit as the Improved Bismarck group, but produce a longer spike, both in flower and stem. This strain produces a high percentage of doubles. Fine for indoor or outdoor growing.  
We introduced this group to our patrons 6 years ago and supply only the originators — Macdonald — seeds. Reports from growers using them has been most complimentary. This group will be found of double application, as when benched close, like the non-branching varieties, they can be made produce but a single mammoth flower spike. Benched in wider setting, habit is same as Bismarck only resulting flowers are much finer.

## Perennial and Hardy Plants

These are recommended to the southern grower and gardener for planting out in the open garden or beds. In localities where the weather is severe they may be bedded or potted in a cool or cold greenhouse, cold frame or protected bed — to grow on into stock for spring sale. These are just a nice size for transplanting or potting. We sell thousands of them each spring to our local retail customers for their spring garden plantings.

## Conditions Of Sale

Quotations wholesale for the professional trade.

PRICES as quoted, are net on a basis of cash with order. All orders not accompanied by remittance, and from parties who have not established credit with us will be forwarded C. O. D. when for seeds.

ALL bulbs and plants CASH WITH ORDER except by special arrangement.

QUANTITIES: SEEDS—will be sold at quoted prices in quantity units no smaller than that specifically listed; PLANTS & BULBS—unless specifically listed differently, the 100 price, where quoted, will apply to all quantities from 25 to 250 of a variety and size. 25 is the smallest item unit supplied at the 100 rate. The 1000 rate applies only to quantities of 250 or more of a variety and size. Amalgamation of items less than 250 of a size and kind, to gain the 1000 rate is not permissible.

REMITTANCE may be by any of the usual commercial methods. We do not accept stamps in place of remittance. Patrons outside the United States of America must remit in American funds, either by draft or money order. C. O. D. shipment or credit sales not made outside the U. S. A.

ALL ORDERS are received subject to supply available and crop conditions or any other situation beyond our control. Present business conditions also makes it necessary that we reserve the privilege to adjust our prices or terms without notice, to conform with varying conditions which may occur after this list is published.

SHIPMENT of seeds are all prepaid by insured post. Air-Mail delivery service in the United States may be obtained without additional charge in accord with the conditions set forth above. All other stock is priced with delivery at the transportation office at Grants Pass, Oregon. Thereafter stock travels as the property of the purchaser and responsibility for safe delivery rests with transporting agency. In the event that loss is incurred in transit claim should be filed immediately with transport agency and full particulars of action be given us. While we can not insure such matters, our fullest co-operation will be given in obtaining proper adjustment in rare cases when such action may be necessary.

OUR RESPONSIBILITY: In view of the reasonable prices quoted herein, and the varied growing conditions under which the stock offered will be grown, it is manifestly impossible for us to warranty in any manner the crop resulting therefrom.

Ordering from this list will be definitely construed as your acceptance of these terms, and the limitation of our liability for any cause to an amount not exceeding the actual purchase price.

ON SEED items not listed here but offered in our last semi-annual catalogue, orders may be made from it at the price quoted.
